JKA-BC

## Grading Syllabus

**Effective as of August 1<sup>st</sup>, 2019**

The JKA BC syllabus is a tool for examiners to use during gradings. The Kihon techniques on the following pages are set and will not vary for lower Kyu exams. **All Kihon techniques are done five times unless specified on the exam.** Examiners may add more physical content at their discretion for examinees testing above 3rd Kyu. There may be verbal questions and technical exams. **Be prepared!**

The following is the technical and optional grading content that examiners may choose from.

### **8<sup>th</sup> Kyu- 6<sup>th</sup> Kyu**

Examinees are required to know the counts and Kiai points of the katas performed. Other extra content may include striking a pad.\* **Examiners look predominantly for correct basic form.**

### **5<sup>th</sup> Kyu-4<sup>th</sup> Kyu**

Examinees are required to know the count and kiai points of each kata on their kata list for their level. Questions may be asked about technique names for the kiai points of any kata on their list (usually the ones performed). The performance of up to 3 kata may be asked. Application may be requested based on katas performed. Other content may include striking a pad, or breakfalls, control test. \* **Examiners look for correct pivoting of the hips during renzoku-waza, and clear grasp of the hand techniques.**

### **3<sup>rd</sup> kyu-1<sup>st</sup> Kyu**

The criteria are the same for 2<sup>nd</sup> and 1<sup>st</sup> Kyu exam as above. In addition, be prepared to demonstrate and explain self-defense application for your Tokui kata key points and surrounding movements and for each Heian kata's key points. **Written exam may apply. Counting out of a Heian kata may apply. Gyaku-zuki (Idomokuhyo: punching at different points by examiner's direction) may be requested.** \* **Examiners look for ease and naturalness of execution, for speedy and powerful kime, and for smooth, instantaneous, dynamic elasticity of delivery.**

### **Shodan**

All of Kyu options apply. Be prepared to demonstrate up to 3 katas. Application will be asked. A written exam is compulsory. Candidates must be prepared for an extensive oral exam. Examinee may be asked to count a Heian kata for another examinee. All of these requirements may be asked on grading day, or prior to grading day at JKA BC joint training sessions. Shodan candidates must hand in a report to technical chairman with your application showing your knowledge or study. **Gyaku-zuki (Idomokuhyo: punching at different points by examiner's direction) may be requested. Written Component may be required** \* **Examiners test for basic understanding and functional ability in the foundational techniques of karate.**

### **Nidan**

**All criteria from Shodan will be included in Nidan exam.** Extra basics, kata and kumite may be asked. The Control Test may be a Dynamic version, where the candidate is asked to step forward and deliver a controlled technique. If you choose application/ self defense over kumite, questions and number of requested applications will increase. Your Tokui kata must be from the four Sentei katas or Gankaku, Hangetsu, or Jitte. Written exam will apply. **Gyaku-zuki (Idomokuhyo: punching at different points by examiner's direction) may be requested.** \* **Examiners test for understanding and proficiency in the foundational techniques of karate.**

### **Sandan and above**

#### **All criteria of Shodan and Nidan apply**

Examiners may ask for anything they wish. Sandan candidates must have exceptional knowledge in technique skills and names. Written and oral exam will be extensive. Examinee must have made achievements outside of Dan level. e.g. - Refereeing, Dojo creation or support, competition, instructors course, History or technical research etc. **Gyaku-zuki (Idomokuhyo: punching at different points by examiner's direction) may be requested.** \* **Examiners test for understanding and proficiency in the standard techniques of karate.**
